Thanks Rich: Darcy just signed the permits, but we still have more work to do before going live on our R8 UIC website so we will keep you posted.

Please add an "s" so the third paragraph in the PR reads "applications" consistent with the second paragraph.

Stay tuned...

Douglas

All- I have attached the final draft press release, set for release following signature and website upload of primary documents.

I will ask Jody to do congressional notification on this around noon. Please let us know if there are concerns with timing as I do not want to notify if there is some chance signature and posting slips to tomorrow or later.

Please keep us posted, thanks!

Rich

**Importance:** High

Hi Everyone: here is a quick summary of what remains to be done:

Our focus will be on Darcy signing the permits and AE ROD, creating pdfs for all final permit documents and uploading them to the regulations.gov Docket; providing Darcy the pdf consultation conclusion letters and RTC for emailing all 38 tribal leaders; outreach to all other external stakeholders consistent with the Comm Strat (which Deb Thomas is

reviewing), and uploading the remaining Administrative Record (AR) documents and final AR Index to the Docket. Because this last step may take beyond tomorrow to make sure everything is available for public access (e.g., pdfs of Darcy's 11/24/20 emails to the tribes), we will ensure that all primary permit related documents (as well as a link to the Docket) are available on our Regional UIC website so the public can begin their review of the Response to Comments, etc. pres

Rich/Laura: let me know what tomorrow's deadline is for the press release.

Valois, Lucita, and Omar will be working on Wednesday and I will continue to be in touch with them by email.
